DURABILITY THAT MAKES A DIFFERENCE[®]

Adjustable Dish Caddy Stores and Protects Dinnerware Small to Large

Store and transport valuable dinnerware with confidence by using the Cambro S-Series Adjustable Dish Caddies. Durable polyethylene construction provides long life usage. A three quarter inch plated steel rear axle offers solid strength.

Configure dividers as needed to hold dinnerware securely and safely in place. Dividers can be adjusted to hold dishes from a small 4 5/8" (11,6 cm) plate to a 13" (33,0 cm) charger plate or pasta dish. The dividers feature a one-half inch rod from top to bottom for stable and secure positioning.

Smooth maneuvering over any surface is ensured with non-marking, high quality casters - 10" (25,4 cm) rear wheels and 5" (12,7 cm) swivel w/ brake front casters.

- Approximately 45-60 plates per stack.
- Open access for easy loading and unloading.
- Molded-in handles on both ends for easy transporting.
- Polyethylene exterior will not rust, crack or chip.
- Easy to clean.
- Position dividers in place and begin using.
- Vinyl cover included.

For more information about Cambro products, contact your Distributor, Cambro Sales Representative or the Cambro Customer Service Department.

Camrack® Dishracks

Stack Camracks on a Camdolly® and add a Camrack Cover to create a completely enclosed, sanitary and portable storage system. Ensure contents stay clean while in storage. Eliminate time and cost of re-washing.

Utility Cart

All-purpose utility cart holds up to 400 lbs (180 kg). Each shelf can hold a full size dish rack flat on the shelf or two standard size bus boxes.

Versa Camcovers®

An elegant and efficient alternative to traditional metal covers. Can use in microwaves and heated carts. Withstands temperatures up to 300°F (149°C), yet remains cool to the touch. Light and quiet.
